|        | iris                                |
|        | 7.5in 4 Leaf Barn Door              |

Notes

- ~Roughly hang lights as oriented on plot.
- ~6" Fresnels will be hung on 2' tail down
- ~Hung and focused with genres
- ~Bring extra R132 and R119 to focus
- ~Freedom PARS should have a storage location offstage
- ~Consult lighting designer with any questions
- ~Provide adequate worklights

Disclaimer: This drawing represents only visual and artistic concepts of the plot. The designer is not qualified to determine structural appropriateness of this design. They will not assume any responsibility for unsuitable engineering construction, rigging, handling or use of these ideas. All materials and applications must comply with the most rigorous Federal, State, and Local Fire and Safety Codes.
